

Integrating a Quotation Example

Thesis:

In his work *Understanding Comics*, Scott McCloud makes the case that cartoons and comics have a hidden power that is able to engage audiences in ways other forms and mediums cannot.

Quotation (Choose 1 of the following) from page 30

“a form of amplification through simplification”

“When we abstract an image through cartooning we’re not so much eliminating details as we are focusing on specific details by stripping down an image to its essential ‘meaning,’ an artist can amplify that meaning in a way that realistic art can’t.”
